EPPS' COCOA (Breakfast).

Grateful, comforting.

With a thorough knowledge of nature laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cereals, we have prepared a breakfast cereal, a delicious coffee-like beverage which may save us many heavy doctors' bills.

This is the judicious use of such articles as coffee, tea, chocolate, sugar, etc., in their natural state, to remove every tendency to disease.

Hundreds of subtle maladies are floating around us, ready to attack whenever we are a weak point.

We may easily meet them by keeping our system well supplied with pure blood and a properly nourished frame.—Civil Service Gazette.

Make simply with hot water or milk.

In packets and tins (3 lb. and 1 lb.) labeled.
